

CALL FOR MEETING OF SHAREHOLDERS

WILL BE HELD IN NEW YORK, WEDNESDAY, JULY 18.

An Effort to Be Made to Have a Resolution Adopted Expressing the Confidence of the Shareholders in the Business Methods of the Officers of the Republic Savings and Loan Association—What Secretary Case Has to Say About the Association.

At 139 Broadway, New York, on Wednesday, July 12, the tenth regular annual meeting of the Republic Savings and Loan Association will be held.

It is estimated that something over 2,500 shares of the two kinds of stock, long and short term, was held in this city, and that upwards of \$2,000 went from Scranton each month to swell the treasury of the concern in New York.

For a year past it has been impossible for those who desired to withdraw from the company to get either money or satisfaction from the concern.

NOTICE FROM SECRETARY. F. O. Case, New York, secretary of the association, has sent out the following to each shareholder of the concern in this city:

Office of F. O. Case, 122 Broadway, Rooms 67-68, New York, July 23, 1900. To the Members: The tenth regular annual meeting of the Republic Savings and Loan Association will be held at 139 Broadway, in the City of New York, on Wednesday, July 18th, 1900.

THE POSTAL. I hereby acknowledge the receipt of notice of the annual meeting of the shareholders of the Republic Savings and Loan Association to be held at 139 Broadway, in the City of New York, on July 18th, 1900.

THE CIRCULAR. Our association having been attacked by the Banking Department of New York, and being temporarily out of the hands of the receivers, we seek your help and co-operation.

THE RESOLUTION. Whereas, An attack has been made upon the Republic Savings and Loan Association by the Banking Department of the state of New York, upon the ground of an alleged impairment of its capital, said attack being made without any previous notification or any chance to explain or show to the banking department the true condition of affairs or any chance to make good any alleged deficiency as is required by the banking laws of the state of New York.

It Saved My Life. Extreme cases of disease test the real value of a medicine. Many "tonic" and "stimulant" preparations, which have no real medicinal value, seem to brace up the users when they are feeling "played out."

Always Helps, Almost Always Heals. Many diseases, named for the organs affected, as "heart disease," "lung disease," "liver complaint," etc., are perfectly cured by Dr. Pierce's Golden Medical Discovery, which cures through the stomach diseases which originate in the stomach.

Whereas, An examination has been made of the books of the Republic Savings and Loan Association by an expert accountant who states and swears that said association, between July 15, 1890, and June 25, 1900, made an actual net profit of \$2,750,000, and that it was shown by the affidavits of reliable real estate brokers that in their opinion, the value of the real estate holdings of the Republic Savings and Loan Association was \$28,000,000, instead of \$14,000,000, as reported by the banking department, and

Whereas, We have and desire to express our confidence in the officers and managers of the said Republic Savings and Loan Association, and

Second: We have no knowledge of any fact showing that the Republic Savings and Loan Association is now, or any time during the past four years, has been doing business contrary to the law of the state of New York, and contrary to its charter and articles of association, and we deny that such is the case.

Third: We ratify and approve the action of the board of directors in reducing the book value of the shares of said association to meet the adverse report of the banking department of the state of New York, and consent and agree that such action shall be entirely binding upon us.

Fourth: We hereby deny the necessity or propriety of appointing a receiver or liquidator of the Republic Savings and Loan Association, and respectfully petition the court that such appointment may be revoked and that the affairs of this company be returned into the hands of our officers and managers.

INDUSTRIAL JOTTINGS. Report with Reference to the Trouble on the Central Has Been Exaggerated, Mr. Swisher Says.

District Passenger Agent J. S. Swisher, of the Central Railroad of New Jersey, returned yesterday from a trip down the line to Wilkes-Barre, Ashley and other places.

"As far as I can learn, there is hardly any truth whatsoever in all these startling reports. They originated at Mauch Chunk, with a few disgruntled trainmen, as I understand it, two or three brakemen being discharged for unsatisfactory work.

"This and That. The Oxford mine is idle because of a cave which filled the main gangway. At the Hampton breaker work was resumed yesterday. One-half of it is now used as a culm washery, at which

GET INSIDE. Your Friends and Neighbors in Scranton Will Show You How.

Rubbing the back won't cure backache. A liniment may relieve, but can't cure. Backache comes from the inside, from the kidneys.

Doan's Kidney Pills get inside. They cure sick kidneys. Here is Scranton proof that this is so:

Mr. Joseph Davis, of 424 Fifth avenue, miner by occupation, says: "The pain in the small of my back arose from the kidneys was very severe, especially if I stooped and attempted to straighten. At night when in bed my back ached fearfully, thus disturbing my rest, and in the morning I was so lame and stiff I could hardly get up and around. I tried doctor's medicines but nothing did much good. I got Doan's Kidney Pills at Matthews Bros., drug store and they helped me from the start. I highly recommend them and have already done this to other miners."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y. Sole agents for the U. S. Remember the name, Doan's, and take no other.

Lehigh Valley Changes. Several changes have taken place on the Lehigh Valley railroad during the past week.

New Boiler House. It is likely that before many months have passed the Delaware, Lackawanna and Western yards will be adorned by a new boiler house, an adjunct to the machine shops, which is much needed.

Regarding Fires. Superintendent A. C. Salisbury has issued an order to the Delaware, Lackawanna and Western engineers and firemen, regarding instances being reported of bridges and other structures being set on fire by the careless raking of fire and opening of ash pans.

On account of this the Lackawanna men are henceforth ordered to see that the ash pans are kept tightly closed

the culm heaps at the Hampton and Continental breakers will be rescreened. Work will be resumed at the Archibald today. During the past two months the breaker has been practically rebuilt.

Several more lathes and boring machines were yesterday received at the Lackawanna shops, for the equipment of the addition to the machine shops, which is now nearing completion.

The Star Match company, which was recently incorporated in New Jersey, will open up a factory in this city in a few weeks. The company controls the match-making machines made here by the Penn Match company, and with these will be enabled to make matches at a comparatively small expense. The factory will be opened here in the near future.
